

HAS ENGLAND WON A GLORIOUS NAVAL VICTORY?

AMERICAN NATION IN MOURNING

Mrs. Wilson Dies at White House.

PRESIDENT FEELS GREAT LOSS KEENLY

End Comes Following Brave Struggle of Months to Regain Her Health.

Washington, Aug. 7.—Mrs. Woodrow Wilson, wife of the president of the United States, died at the White House. Death came after a brave struggle of months against Bright's disease, with complications.

The president was completely unnerved by the shock and his grief was heartrending. He bore up well under the strain, however, and devoted himself to his daughters.

The end came while Mrs. Wilson was unconscious.

Kneeling at the bedside at the end was the president and his three daughters. Dr. Cary T. Grayson, U. S. N., and a nurse also were in the room, and just outside a door were Secretary McAdoo and Francis B. Sayre, Mr. Wilson's sons-in-law, and Joseph Tumulty, his secretary.

Both houses of congress adjourned when Mrs. Wilson's death was announced and for a brief time the wheels of the government practically stopped out of sympathy for the president.

President Bears Shock Well.

The beginning of the end came when Dr. E. P. Davis of Philadelphia, who had been called in for consultation, realized that the time for hope had passed. He took the president into the red room of the White House and there in a broken voice told him the truth. Mr. Wilson's face blanched, but he bore the shock well. He was informed the end was only a question of hours.

Mr. Wilson then told his daughters, Mrs. W. G. McAdoo, Mrs. Sayre and Miss Margaret Wilson, of their mother's condition. Until then they had thought there was a chance for her recovery.

From that time on the president and his daughters remained at Mrs. Wilson's bedside constantly. The president held his wife's hand and the three daughters were grouped nearby. Until she became unconscious Mrs. Wilson nodded to one or the other frequently and smiled cheerfully.

During the day she spoke to Dr. Grayson about the president, of whose health she thought more than she did of her own.

"Promise me," she whispered faintly, "that if I die, you will take care of my husband."

Devoted to the President.

It was the same touch of devotion which she had so many times repeated, her constant anxiety having been that the president might not worry about her or be disturbed in his official tasks.

A pall of gloom settled over the executive mansion and the officers. Presently Dr. Grayson, his face haggard and worn from his day and night vigil, came to the office. There was an impressive silence everywhere. Secretaries, attaches, clerks and servants seemed overcome.

Vice President Marshall and members of the cabinet and leaders in congress were notified. Both houses adjourned promptly. The flag on the White House was dropped, gates were closed and the silence of death spread over the White House for the first time since 1892, when Mrs. Benjamin Harrison died.

Funeral arrangements have not been made. The place of burial will be either at Rome, Ga., Mrs. Wilson's childhood home, or Princeton, N. J., where the family has lived for twenty-five years.

Russian Cavalry Repulsed.

Berlin, via Amsterdam and London, Aug. 7.—The force of Russian cavalry which tried to break through the German frontier guard was repulsed near Soldau, in East Prussia. Another Russian cavalry division also suffered losses and is retiring in the vicinity of Neidenburg.

Cynical.

"Marriage is a lottery." "As lotteries are unlawful they ought to arrest the ministers."—Livingston Lance.

DEVELOPMENTS IN EUROPE

Out of London comes the report that the British fleet has engaged the German fleet in battle on the high seas. The British admiralty refuses information as to whether a naval engagement is in progress.

The British cruiser Amphion has been sunk by contact with a mine with the loss of more than 100 men.

Emperor William of Germany, in an order to the army and navy, calls upon all Germans capable of bearing arms to fight for the Fatherland.

In Belgium, Germans and Belgians are fighting around Liege, where upwards of 100,000 men are engaged. According to official reports from Brussels the two days' fighting has cost the Germans thousands of men. The Belgians also are believed to have lost heavily.

Austria-Hungary has declared war on Russia and the Russian ambassador at Vienna has been given his passports.

The British prime minister in the house of commons asked for an additional war appropriation of \$500,000,000 and an army increase of 500,000 men, both of which requests were granted.

SUPERIOR NUMBERS MAY SECURE VICTORY

Belgians Fear German Forces Will Capture Liege.

Brussels, Aug. 7, via Paris.—After having suffered a serious check and heavy casualties at the hands of the Belgians at Liege Wednesday the German troops returned to the fray with redoubled ardor and are pounding away at the forts with siege and field guns and rifles.

In the fighting of Wednesday the estimates of the German casualties run as high as 8,000 men. The invaders are said to have lost a large number of guns.

In one attack a German infantry division, supported by cavalry, marched on to mined ground. The Belgians thereupon detonated the mines and an entire battalion of Germans was killed. Wounded Germans to the number of 1,200 were picked up on the battlefield.

It is estimated that in the fighting 40,000 Germans were faced by 25,000 Belgians.

Despite the heroic resistance of the Belgians it was felt in Brussels that the invaders, by reason of their great strength, could not much longer be held back and that ultimately they must gain the city of Liege, whence they are expected to press onward to Namur in their effort to cross Belgium to the French frontier.

At Namur, which is strongly fortified, it is asserted that resistance as strong as that at Liege will be encountered by the Germans.

CONFIRMS GERMAN DEFEAT

Washington Hears About Fighting in Belgium.

Washington, Aug. 7.—American diplomatic dispatches from Belgium confirm Brussels reports of a heavy German defeat at Liege.

The Germans were caught between two forts.

The annihilation of some Belgian troops in a furious charge on overwhelming German forces also was reported.

Mine Ship Makes Capture.

Paris, Aug. 7.—A French mine ship captured and towed into Cherbourg a 5,000-ton German steamer.

Special to Dispatch:

London, 1:15 P. M.—That the German and British fleets have clashed in the North Sea is the report coming from many sources. Some declare "England has won a glorious victory." That there has been a battle is admitted at Admiralty, which says English shipping is now safe, German warships having been driven to Holland.

GENERAL ENGAGEMENT NOW IN PROGRESS

Special to The Dispatch:

Brussels, 1:15 P. M.—A German column is again attacking Liege, and an official statement says a general engagement is now in progress all along the line. It is reported that the Belgians are still maintaining their advantage.

GERMANS TRAPPED AND DEFEATED

Special to The Dispatch:

Messina, Italy, 11:40 A. M.—With decks cleared for action and every gunner at his post the German warships Goeben and Breslau steamed at full speed out of the harbor here. The British Mediterranean fleet, which pursued the warships after they escaped from the French squadron, is cruising outside the port and the Germans will have to fight.

GERMAN WARSHIPS ARE PLUCKY

Special to Dispatch:

Brussels, Aug. 7, 11:40 A. M.—Early today the Belgians slaughtered another large force of Germans. The defenders of Liege made a show of evacuating the outer fortifications and the Germans pressed forward. Immediately after they entered the circle of fortifications the Belgians, whose move had been a subterfuge, poured in a deadly fire. Caught in a trap the Germans fought bravely, but almost the entire force was annihilated.

GERMAN LOSS IS NOW 25,000

Special to The Dispatch:

London, 3:48 P. M.—An Exchange Telegraph company's dispatch from Brussels says that the German troops at Liege acknowledge a loss of 25,000 men. The agency also says that the statement is official. Another dispatch to the Exchange Telegraph company from Brussels says that the French army has entered Belgium and has advanced well into the country.

GERMAN TROOPS ENTER LIEGE

Special to The Dispatch:

London, 3:48 P. M.—A dispatch from Paris says official reports received there state that German troops have entered Belgian city of Liege, but have not been able to take forts surrounding portions of city. The fighting of a most violent character is said to have taken place in the streets.

GOVERNMENT FINDS WORK

Great Britain Comes to Aid of the Unemployed.

London, Aug. 7.—Plans to prevent unemployment through the war and for the systematic relief of distress are being made on a large scale. Instead of economizing on public works in the interest of military expenditures the British government has adopted the policy of greatly increasing government employment to provide for those who will lose their work through shutting down of factories. Road building will be one of the principal employments and the board for the development of roads has a fund of several million pounds which it will spend.

Fifty German Ships Taken.

Madrid, Aug. 7.—According to official advices more than fifty German steamers already have been captured by the British squadron.

Levant Liner Captured.

Malta, via London, Aug. 7.—British torpedo boat destroyers have captured and brought here a German Levant liner.

The Retort Sympathetic.
Amelia (with a sliver)—I have such hard work to keep George from being silly when he is with me. Priscilla (tartly)—You don't expect impossibilities of the poor fellow, do you?—Baltimore American

RUMORS OF BATTLE IN NORTH SEA

British and German Fleets Clash.

MINE DESTROYS ENGLISH CRUISER

Kaiser's Forces Renew Their Attack in Belgium With Greater Energy.

London, Aug. 7.—Europe awaits with tense interest the outcome of two battles which are now being waged in the struggle of the nations. If report is to be credited the British and German fleets are engaged in a combat on the high seas which is likely to have an important bearing on the conflict.

Great Britain's cruiser Amphion was sunk by a German mine.

The German army of the Meuse, in its advance through Belgium, is meeting with determined resistance from the Belgian forces. On Wednesday Brussels reports declared the Germans had been repulsed all along the line, but the attack was renewed with greater energy and probably with considerable reinforcements to the German side.

It is not to be forgotten, however, that all the news and reports that have been received respecting both land and sea operations have come through French and British sources, or sources in control of or in sympathy with them.

Germany's version of what has transpired has not yet been received and therefore the story has only half been told. Under existing conditions of communication it will be long before the progress of the German arms can be recounted to the outside world.

To Check Russian Advance.

The same applies to the movements of the Austro-Hungarian army, small detachments of which are operating against Serbia and the remainder doubtless are being sent forward to check the Russian advance. Beyond the declaration of war by Austria on Russia little is known of what action Austria is taking and only meager details have filtered through of the operations of the Austrian army.

Tragedy followed sensation as Great Britain enacted her first real part in the tremendous European war drama. Scarcely had news come that the British fleet had engaged the German fleet on the high seas, driving it back toward the Dutch coast, when tidings came that the cruiser Amphion had been sunk by a mine with a loss of an officer and 130 men—Great Britain's first sacrifice to the war. The captain and 135 men were saved.

The Amphion was a light cruiser of 3,440 tons. She was attached to the third destroyer flotilla, under Captain Cecil H. Fox, commanding officer. Her regular complement was 292 men. She was commissioned in April, 1913.

The Press association declares it was advised by the admiralty of the fight between the fleets. The admiralty refuses to discuss the announcement, but that it is true every one in England is confident.

British Ships Taking Risks.

It is considered that British ships in the North Sea are running greater risks than the Germans during the first days of the war.

With the loss of the Amphion the English for the first time in the present conflict have been brought face to face with an evidence of what the conflict is to mean. There are no illusions in England that the war is to be swift and decisive. The people are steered for a long and exhausting struggle.

The passage of a war budget increase of \$500,000,000 in the house of commons without a dissenting voice and the granting of an army increase of 500,000 men in accordance with the plans of Lord Kitchener, the new minister of war, shows that Great Britain is in deadly earnest.

A call to arms issued by the war office says an addition of 100,000 men to the regular army is needed immediately and that "Lord Kitchener is confident this appeal will at once be responded to by all who have the safety of our empire at heart."

The term of service for the new men is to be three years, or until the war is ended. The age of enlistment will be between nineteen and thirty.

The naval estimates provide for 67,000 additional officers and men, which will make the navy's strength 218,000 men.

CZAR NICHOLAS.

Russia Decides Not to Defend Warsaw.

LINERS PUT INTO HALIFAX

Mauretania and Cedric Safe in Canadian Port.

Halifax, N. S., Aug. 7.—Two big transatlantic liners, flying the British flag, bound from Liverpool for New York, put into Halifax as a haven from German cruisers.

The unexpected arrivals are the Cunard liner Mauretania and the White Star liner Cedric. Both had been warned by the British cruiser Essex of the presence of hostile vessels in the North Atlantic waters they were about to traverse on their voyage to New York and were advised to make with all haste for Halifax.

The Essex herself conveyed the Cedric into port and anchored with the liner in the inner harbor.

EMPEROR WILLIAM ISSUES AN APPEAL

Calls Upon All Germans Capable of Bearing Arms.

Berlin, via London, Aug. 7.—The emperor has issued an order to the German army and navy, in which he says:

"After forty-three years of peace I call upon all Germans capable of bearing arms. We have to defend our most sacred possessions in fatherland and home against the reckless assault of enemies on all sides of us. That means hard fighting. I am confident that the ancient warlike spirit still lives in the German people—that powerful, warlike spirit which attacks the enemy wherever it finds him, regardless of cost, and which in the past has been the dread and terror of our enemies."

"I have confidence in you, German soldiers—in each and all of you. An ardent, indomitable will for victory is living in each and all of you. I know it needed each and all of you would die like heroes."

"Remember our great and glorious past and that you are Germans. God bless you."

LISBON CROWDED WITH EUROPEAN VESSELS.

Lisbon, Portugal, Aug. 7.—

The port is crowded with vessels belonging to the various European nations now at war.

The government has taken measures to assure food and fuel supplies for the population, as well as to assure the monetary circulation. The export of cereals has been prohibited.

CRUISER TENNESSEE SAILS

Carries Six Million Dollars to Americans in Europe.

New York, Aug. 7.—The armored cruiser Tennessee, converted for the time into a treasure ship, left port to carry \$6,000,000 in gold to the many thousands of Americans who are in want in European countries.

When the cruiser nosed out toward sea she had on board about \$6,000,000 in gold—\$3,000,000 from the Bankers' Trust company, \$2,750,000 appropriated by congress and about \$300,000 entrusted to the paymaster's care by personal friends of individuals abroad.

Noisy Frogs.

An African frog makes a call under water which may be heard for a long distance.

NO REPLIES HAVE BEEN RECEIVED

Powers Not Anxious for Mediation.

UNITED STATES MAY YET BE CALLED ON

American Officials Believe Time Will Come When Offer Can Be Accepted.

Washington, Aug. 7.—That the American government within a short time will be called upon to play the role of mediator for the warring powers of Europe is the belief of administration officials.

No responses have been received to the formal tender of good offices made by the United States, but by placing itself on record, the United States now caring incidentally for the diplomatic interests of most of the nations at war, will have a first opportunity to compose the situation if a ray of hope for peace arises.

War developments were overshadowed for the most part by the death of Mrs. Wilson. Earlier the president had issued an executive order coordinating the work of various departments on the relief work.

Dispatches came to the state department from Belgium telling of the repulse of German forces. The situation in China and the Far East was considered by American officials but no action was taken. It has been suggested informally by the Chinese government that the United States might help at this moment to maintain the integrity of China.

The feeling in administration circles is that none of the countries at war is inclined to aggravate the situation in the Far East and that a status quo will be maintained. Should revolutionaries become active in China, however, and the moral support of the American government be required to keep China intact there is little doubt but it will be given because general disturbance in China at this time would menace the lives of missionaries and foreigners generally.

FOLLOWS CUSTOMARY LINES

Great Britain Issues Contraband of War Proclamation.

Washington, Aug. 7.—Great Britain's contraband of war proclamation was cabled to the state department by Ambassador Page. It places arms, ammunition and all distinctly military supplies on the list of "absolute" contraband and designates food, grain, money, horses and general supplies as "conditional" contraband.

Everything under the latter head becomes subject to seizure and to the contraband laws when intended for the use of a power with which Great Britain is at war.

The proclamation follows the usual lines and those issued by other powers involved in war probably will be virtually identical.

MAY HAVE TAKEN WARSAW

Germans and Austrians Invading Russian Poland.

Washington, Aug. 7.—The Russian imperial staff has announced a decision not to defend Warsaw, the capital of Russian Poland, according to an official diplomatic dispatch received here.

War college experts interpret this announcement as an admission that German and Austrian forces have occupied Warsaw, about ten miles from the border. Meager reports received by official Washington lead military experts to the opinion that the German and Austrian advance along the Russian frontier is being pushed far more vigorously than the operations in Belgium and against the French frontier.

Placing Him.

"Our minister," said Mrs. Oldcastle, "appears to be a real altruist."

"Oh, I think you must be mistaken," replied Mrs. Gotalotte. "It seems to me by the sound of his voice that he must be a bass."—Judge.

Socialists Reported Shot.

New York, Aug. 7.—A special dispatch to the Herald from Berlin received through a source hitherto found reliable says that the Kaiser has had 100 Socialist deputies in Berlin shot. This dispatch says that among the prominent Socialists put to death is Herr Liebknecht.

HAS ENGLAND WON A GLORIOUS NAVAL VICTORY?

CRUISER TENNESSEE SAILS

Carries Six Million Dollars to Americans in Europe.

New York, Aug. 7.—The armored cruiser Tennessee, converted for the time into a treasure ship, left port to carry \$6,000,000 in gold to the many thousands of Americans who are in want in European countries.

When the cruiser nosed out toward sea she had on board about \$6,000,000 in gold—\$3,000,000 from the Bankers' Trust company, \$2,750,000 appropriated by congress and about \$300,000 entrusted to the paymaster's care by personal friends of individuals abroad.

Noisy Frogs.

An African frog makes a call under water which may be heard for a long distance.

NO REPLIES HAVE BEEN RECEIVED

Powers Not Anxious for Mediation.

UNITED STATES MAY YET BE CALLED ON

American Officials Believe Time Will Come When Offer Can Be Accepted.

Washington, Aug. 7.—That the American government within a short time will be called upon to play the role of mediator for the warring powers of Europe is the belief of administration officials.

No responses have been received to the formal tender of good offices made by the United States, but by placing itself on record, the United States now caring incidentally for the diplomatic interests of most of the nations at war, will have a first opportunity to compose the situation if a ray of hope for peace arises.

War developments were overshadowed for the most part by the death of Mrs. Wilson. Earlier the president had issued an executive order coordinating the work of various departments on the relief work.

Dispatches came to the state department from Belgium telling of the repulse of German forces. The situation in China and the Far East was considered by American officials but no action was taken. It has been suggested informally by the Chinese government that the United States might help at this moment to maintain the integrity of China.

The feeling in administration circles is that none of the countries at war is inclined to aggravate the situation in the Far East and that a status quo will be maintained. Should revolutionaries become active in China, however, and the moral support of the American government be required to keep China intact there is little doubt but it will be given because general disturbance in China at this time would menace the lives of missionaries and foreigners generally.

FOLLOWS CUSTOMARY LINES

Great Britain Issues Contraband of War Proclamation.

Washington, Aug. 7.—Great Britain's contraband of war proclamation was cabled to the state department by Ambassador Page. It places arms, ammunition and all distinctly military supplies on the list of "absolute" contraband and designates food, grain, money, horses and general supplies as "conditional" contraband.

Everything under the latter head becomes subject to seizure and to the contraband laws when intended for the use of a power with which Great Britain is at war.

The proclamation follows the usual lines and these issued by other powers involved in war probably will be virtually identical.

MAY HAVE TAKEN WARSAW

Germans and Austrians Invading Russian Poland.

Washington, Aug. 7.—The Russian imperial staff has announced a decision not to defend Warsaw, the capital of Russian Poland, according to an official diplomatic dispatch received here.

War college experts interpret this announcement as an admission that German and Austrian forces have occupied Warsaw, about ten miles from the border. Meager reports received by official Washington lead military experts to the opinion that the German and Austrian advance along the Russian frontier is being pushed far more vigorously than the operations in Belgium and against the French frontier.

Placing Him.

"Our minister," said Mrs. Okkaste, "appears to be a real altruist." "Oh, I think you must be mistaken," replied Mrs. Gotlotte. "It seems to me by the sound of his voice that he must be a bus."—Judge.

Socialists Reported Shot.

New York, Aug. 7.—A special dispatch to the Herald from Berlin received through a source hitherto found reliable says that the kaiser has had 100 Socialist deputies in Berlin shot. This dispatch says that among the prominent Socialists put to death is Herr Liebknecht.

MUSIC AND DRAMA

At the Grand

"Sophie of the Films", a serial of 4 weeks will start tonight and Saturday at the Grand together with our regular run, "When Fate Disposes." You will see dear simple Sophie leave the farm to become a motion picture heroine. With the last of her means she graduates from a school of arts. She impresses the manager and leading man. Through these she is given a position. The mistakes Sophie makes are many. Do not miss the first run.

"When Fate Disposes" brings out the success of a young artist in Paris. Ella, an American, does not meet with the same good fortune. Bob helps her with her painting and she grateful for the aid imagines herself in love with him. Later she discovers her mistake. Bob gives her her freedom to choose the man she loves. To the end this feature is strong.

A Great Show

The Columbia theatre management have surely secured a good program which will be given again this evening. The feature picture, a two part Edison was ably handled by a strong company and as many expressed it: "It was as good as any theatrical play." The play ends in a very exciting and hazardous scene that will prove a distinct novelty to picture fans. John Bunny and Flora Finch were seen in a Vitagraph comedy that simply was a scream. We have never seen Bunny appear in a better one. The title is "The Old Maid's Baby." Flora tries her best to make John love her dog and the way she finally succeeds makes up a real comedy. Another very good one act play was the "Deal in Oil" with three of Lubin's most clever actors. The Columbia were very sorry that Mary Pickford came the current week on Tuesday and Wednesday instead of Thursday and Friday. Hereafter she will arrive on Thursday and Friday of every week.

Alice Joyce will start her new series August 18-19 and "The Man who Disappeared" will start August 25 and 26. One added feature to the series to be run at the Columbia is the fact that each and every one are complete and have no bearing on the pictures that follow. A petition was recently circulated in Duluth which received thousands of signatures asking the moving picture theatres to discontinue running long continued stories.

No Fun.

Jester—Of course I expect pay for them. You don't suppose I write these things for fun, do you? Editor (handing back the batch of paragraphs)—Well, if you did you failed must miserably.

There is more Cataract in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven cataract to be a constitutional disease, and therefore requires constitutional treatment. It is the only constitutional cure on the market. It is taken internally in doses from 16 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: J. J. Cheney & Co., Toledo, O. Sold by Druggists. The "Cataract" is a safe and reliable remedy.

Granted.

A sweet faced old lady walked up Fifth avenue hanging on to the arm of her husband, who was a little bit hard of hearing. A girl brushed past them rudely, bumping into the little old lady. "She didn't even say 'Excuse me,'" she said indignantly to her husband. "What, my dear?" he inquired mildly.

The old lady repeated her statement in a louder tone. Still the old gentleman did not understand. "Excuse me!" she shrieked above the rush and roar of the automobiles. "Certainly, my dear," he answered graciously. "But what did you do?"—New York Post.

No Fun.

Jester—Of course I expect pay for them. You don't suppose I write these things for fun, do you? Editor (handing back the batch of paragraphs)—Well, if you did you failed must dis-may.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Dr. J. C. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally, in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. The sufferer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: J. C. Cheney & Co., Toledo, O. Sold by Druggists. The Catarrh is cured by Dr. J. C. Cheney & Co. 511f

CHAMBER HAS A SPECIAL MEETING

Secretary C. E. Hansing Makes an Address on Work of the Chamber of Commerce

N. P. RAILWAY GIVEN THANKS

G. A. Beale and Secretary Hansing to go to State Fair and Arrange County Exhibit

The Chamber of Commerce held a special meeting Thursday evening. The advisory board met prior to the chamber meeting and brought in several recommendations. Vice President Haggard presided. They urged that Secretary C. E. Hansing should go to Minneapolis and see what space had been allowed Crow Wing county for its exhibit at the state fair. G. A. Beale was recommended to have charge of the decorations of the exhibit. Both recommendations were adopted by the chamber. A stenographer is to be employed two weeks at \$20 to assist the secretary. The house and social committee recommended the buying of supplies for the secretary. Items to equip the club rooms included repairs and maintenance of furniture and equipment \$160, stationery and supplies \$75, magazines \$30. They favored making a nominal charge for the use of billiard and pool tables to be used for repairs and maintenance. A club attendant with a salary at not to exceed \$50 a month was recommended. The committee's report and recommendations were adopted.

There was a big discussion about the bylaws and the power of the advisory board as to the payment of current expenses and minor help. A motion carried that it was the sense of the chamber that the committee possessed such power.

The report of the committee on city water and rates charged on light was not complete and the committee was given further time. The public utility committee was asked to write to cities of the same size of Brainerd and get rates and report.

A vote of thanks was extended the Northern Pacific railway for their prompt action in adopting the suggestion of the chamber as to planking the Sixth street railway crossing.

The matter of charging for the use of billiard and pool tables and rehabilitating the same was considered. The tables will be repaired, but the matter of charging for playing was deferred. Some members had been offered the free use of the tables as an inducement to join the chamber.

An earnest invitation was extended all members to make use of the club rooms.

C. E. Hansing, the secretary, was called on for a short speech and in the course of his remarks spoke of Chamber of Commerce work in general. He was there to serve the members and was anxious to get suggestions from all. He asked their cooperation. His remarks were applauded.

The congregating of idlers around street corners was discussed and the matter was referred to the proper committee.

For Sale

At Lake Hubert, Minn., the property known as Bally Blake, on the west shore of the lake. Has lake 247 feet and a depth of 100 feet. Covered with pines and cedars. RAILWAYS TO ORDER EQUIPMENT

In an interview today, J. C. Barber just about to leave for Chicago, stated that the inauguration of the export trade in wheat would cause the railways of the United States to place large orders for all kinds of equipment rendered necessary to promptly move America's huge wheat crop. It would create a hum of business in this country.

MUNICIPAL COURT

Two Men up Were Charged with Drunkenness and Given 5 days or \$5 Fine

In municipal court James McGovern, drunk, pleaded guilty and drew 5 days of \$5. Sentence was suspended on condition he leave the city, go to work and behave himself, all of which he promised to do.

Frank Shuster drew the same fine and suspension of sentence. A case against a man for driving on the sidewalk was dismissed.

SOCIALIST PICNIC

At Lum Park Sunday Afternoon at 2 P. M.—Young Peoples Socialist League to be Formed

A picnic will be held Sunday, August 9 at 2 P. M. at Lum Park, Rice lake under the auspices of the Women's committee of the socialist local of Brainerd. Plans for the organization of a young peoples socialist league will be taken up and perfected.

CROSBY

The flats and offices of the Will S. Pitt building are finished in birch. There are two suites of offices, one of which is occupied by Mr. Pitt in his real estate business.

The First State Bank of Crosby will soon occupy its new banking quarters in the Pitt building.

The Friday Study club has a meeting on September 18. English literature will be taken up. The first gathering will be at the home of Mrs. Edward Congdon.

Mrs. A. C. Bosel entertained on Wednesday afternoon. Refreshments were served.

Miss Jessie Hart leaves August 10th for her home in Ohio after an extended visit with her sister, Mrs. B. B. Gaylord.

Mrs. George Mumm and family have removed to Montrose.

Sanitary bubble fountains, the gift to the village of George H. Crosby, have been erected on the main streets of Crosby. They are of fine appearance and other towns could well afford to pattern after this convenience.

Street work is giving employment to many in Crosby.

The Croft mine will soon give an impetus to business in Crosby.

ESDON ETCHINGS

Mrs. Annie Potter and husband and Mrs. Sabie Mesenger, formerly Mrs. Ben Chord and daughter, Sabie, were on a short visit to Mrs. L. E. Garrison, old Mrs. Chord and Dan Chord. They live in Iowa and were on their way to Dakota.

Paul Gooler had the misfortune to lose a good 15 jewel Waltham watch the 4th of July between Midland and Mr. Beril's corner. He says he will give any one \$5 who will return it. His name, Paul, is cut on the inside the back case.

The Larkin Soap club met with Mrs. M. L. Hammett last Friday.

Will Flint is raising his barn and putting a hip roof on it.

Bert Hammett and Ralph Waffensmith left for Dakota last Tuesday. Sarah Pine is very sick with consumption.

Bob Magahann has been suffering with a swelling in his head, but he is better now.

W. T. Greene, Hopkinton, N. H., writes the following letter, which will interest every one who has kidney trouble. "For over a year, Mrs. Greene had been afflicted with a very stubborn kidney trouble. Foley Kidney Pills did more to complete her recovery than any medicine she has taken and I feel it my duty to recommend them." For sale by H. P. Dunn, druggist.—Adv't.

W. M. Halfacre, Dexter, Mo., bought Foley Kidney Pills for Mrs. Halfacre, who was down on her back with kidneys so sore he had to help her move. He says: "She would cry with pain across her kidneys, but after she took the second bottle of Foley Kidney Pills, she was as well and strong as ever." For sale by H. P. Dunn, druggist.—Adv't.

ALLEGED BLIND PIGGERS TAKEN

Fourteen Alleged Illegal Sellers of Liquor are Served with Thirty-One Warrants

LIST OF SOME WHO ARE ACCUSED

Cases will be Prosecuted by Village Attorney F. A. Lindbergh and W. H. Norton

A wholesale arrest of alleged blind piggers was made at Crosby Wednesday evening, the offenses charged being violations of the Crosby village ordinances and the cases are prosecuted by Village Attorney F. A. Lindbergh assisted by W. H. Norton of Minneapolis. Nearly all the defendants will be represented by D. J. Severance and C. L. Benedict, both of Crosby.

The warrants were issued on complaint of three private detectives engaged by the village, being J. J. Winn, T. S. Beelin and W. R. Snyder.

Fourteen were arrested and served with thirty-one warrants. Among those accused are H. J. Breen, proprietor of the Spalding hotel, the bar of which was recently closed by the "dry" decision; T. G. Wellington, a clerk at the same hotel; Arthur and Earl Lovdahl of the Lovdahl drug store; Edward Follo, of the Follo drug store and Evelyn Powell. Included in the list of alleged violators of the law were a number of the so-called foreign element, John Martones, Charles and Peter Kohrovic, John Maher, Mike Stinch, Mary Sentish, J. Magkovich, Mary Solich.

Facts vs "A Little History" (Ancient)

Editor Dispatch:—Neither of the loan companies represented by this office are doing business or posing as a friend of the poor man from the standpoint of a few repairs and a little paint, but in answer to the latest garbled write up of Mr. Nettleton's a few facts are herewith set forth.

1st—Comparison of plans: Nettleton borrows \$1000 for 11 years at 8% and has a total to repay of \$1,880.00 Livingston borrows \$1,000 for 11 years at 3% and has a total to repay of \$1,158.40 And saves \$721.60

Then Nettleton rushes into print.

2nd—The Security National Loan company and the National Mercantile company, Ltd., are authorized by the State of Minnesota to do business.

3rd—The National Mercantile Co., Ltd., is incorporated under the Companies Act of Canada and the business is carried on strictly in compliance with the regulations of that act.

4th—All reports required from time to time have been duly filed with the Government. The management is in the hands of reliable and competent men and its affairs are being conducted in a capable and honest manner.

5th—The company is carrying out all the conditions of its contracts which are regularly matured, no preference being shown to any agent or contract holder.

6th—The company has been doing business for several years, whereas it would not last twenty four hours if Mr. Nettleton would file his complaints with the Postoffice Department, and furnish proof of same.

7th—The First National Bank of Oakland, Cal., speaks in high terms of its manager and expresses regret that it has had none of this business.

8th—The Hennepin County Savings Bank is favorably disposed towards its manager.

9th—Important to remember. Documentary evidence from Governmental and other sources, substantiating the above is in the office of the Security National Loan company where it may be verified by any one interested in 3% loans.

And now, in a friendly spirit and to relieve the suffering reader who would prefer the war news abroad to that at home, it is in order to suggest to Mr. Nettleton that, for a reasonable compensation, any one of our attorneys can line him up in good shape and for the fight of his life. On the other hand, if the local banks would unite for the common good and furnish funds at 8% to bridge over the short space of time necessary to mature contracts, the Chamber of Commerce would not have to turn in to a revival meeting to raise funds for the Sash & Door Factory. The National Mercantile company courts the fullest investigation from any and all.

Yours truly,
R. R. LIVINGSTON.

Keep Your Liver Active During the Summer Months—Foley Cathartic Tablets for Sluggish Liver and Constipation

It does beat all how quickly Foley Cathartic Tablets given your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says: "Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No gripping. A comfort in stout persons. For sale by H. P. Dunn, druggist.—Adv't.

BOARD OF EQUALIZATION

Adjourned Meeting of County Board of Equalization, Meeting Held August 4th

Board met at the court house at 10 o'clock a. m. with all members present.

T. R. Foley objected to the mineral assessment placed against the s½ of the se¼ section 23, township 47, range 29 and the n½ of the ne¼, section 26, township 47, range 29. He stated that the only forty which contained any ore was the sw¼ of the se¼, section 23 and on this forty only about 6 acres. The board agreed to let the mineral assessment stand on this one forty and reduce the other three forties to the average of the surrounding land, viz: \$12.00 per acre.

E. J. Hunter the owner of the sw¼ of se¼ section 22, township 47, range 29 objected to the raise made on this forty by the board to \$50,000. He stated that this forty was not leased for iron, that he was getting no royalties and that such an assessment would simply take the land away from him. The board reduced the assessment to \$100.00 an acre. He also objected to the assessment of \$2667 on the Herman Hunter forty, ne¼ of se¼, section 29, township 47, range 29, and this was also reduced to \$100.00 per acre.

C. A. Albright appeared on behalf of the Canadian Cuyuna Mining Co. in regard to the raise made by the board on the Wilcox Mine in section 13, township 45, range 30. He stated that \$200,000 was altogether too high for this property and out of proportion to other mines in the same state of development and equal tonnage. The board decided to submit the figures as they stand to the Minnesota Tax Commission.

Attorney D. B. McAlpine appeared for Michael Flynn and objected to raise made on the se¼ of ne¼ section 28, township 47, range 29 to \$100 per acre. No action was taken.

Attorney M. E. Ryan appearing for the Pittsburgh Steel Ore company said that \$3,000,000 was altogether too high an assessment for the Rowe mine. Supt. Barr of the property also submitted blue prints and explained the grade of ore that was being taken out. The board decided that the Tax Commission were much better prepared to fix final valuations on such properties and the figures were referred to them.

Numerous residents of Jenkins appeared to object to the raise made by the board in that town. They stated that the figures as returned by the assessor were very close to actual valuations and their statements were backed up by John Ackerman the assessor. It was finally decided to make the raise on acre property 5% instead of 10% and on platted land 50% instead of 75% not counting improvements in either case.

E. J. W. Donahue appeared for the Cuyuna Duluth Iron company and objected to an assessment of \$50,000 on lot 3, section 30, township 47, range 28 and of \$66,000 against e½ of ne¼ section 31, township 47, range 28, also \$120,000 on the Cuyuna Duluth mine on the nw¼ of sw¼, section 11, township 46, range 29 and \$75,000 on the Cuyuna Mille Lacs mine on s½ of sw¼ section 3, township 46, range 29. All these figures were passed on to the Tax Commission for final adjustment.

Mr. Donahue also stated that the assessed value of \$35 and \$40 on the platted lots in "Iron Mountain" was too high and the board made a reduction of 25% on all lots in the townsite.

W. A. Barrows on behalf of the Shenango Furnace company objected to the raise made by the board on the s½ of nw¼ and the n½ of sw¼ section 27, township 47, range 29 to \$100 an acre. The board made no change in the figures. He also called attention to the assessment of \$126,333.00 on the ne¼ of se¼ section 2, township 46, range 29 and \$126,000.00 on the nw¼ of se¼ of the same section. He explained that this land had never been drilled, that

CHAMBER HAS A SPECIAL MEETING

Secretary C. E. Hansing Makes an Address on Work of the Chamber of Commerce

N. P. RAILWAY GIVEN THANKS

G. A. Beale and Secretary Hansing to go to State Fair and Arrange County Exhibit

The Chamber of Commerce held a special meeting Thursday evening. The advisory board met prior to the chamber meeting and brought in several recommendations. Vice President Haggard presided. They urged that Secretary C. E. Hansing should go to Minneapolis and see what space had been allowed Crow Wing county for its exhibit at the state fair. G. A. Beale was recommended to have charge of the decorations of the exhibit. Both recommendations were adopted by the chamber. A stenographer is to be employed two weeks at \$20 to assist the secretary. The house and social committee recommended the buying of supplies for the secretary. Items to equip the club rooms included repairs and maintenance of furniture and equipment \$160, stationery and supplies \$75, magazines \$30. They favored making a nominal charge for the use of billiard and pool tables to be used for repairs and maintenance. A club attendant with a salary at not to exceed \$50 a month was recommended. The committee's report and recommendations were adopted.

There was a big discussion about the bylaws and the power of the advisory board as to the payment of current expenses and minor help. A motion carried that it was the sense of the chamber that the committee possessed such power.

The report of the committee on city water and rates charged on light was not complete and the committee was given further time. The public utility committee was asked to write to cities of the same size of Brainerd and get rates and report.

A vote of thanks was extended the Northern Pacific railway for their prompt action in adopting the suggestion of the chamber as to planking the Sixth street railway crossing.

The matter of charging for the use of billiard and pool tables and re-habilitating the same was considered. The tables will be repaired, but the matter of charging for playing was deferred. Some members had been offered the free use of the tables as an inducement to join the chamber. An earnest invitation was extended all members to make use of the club rooms.

C. E. Hansing, the secretary, was called on for a short speech and in the course of his remarks spoke of Chamber of Commerce work in general. He was there to serve the members and was anxious to get suggestions from all. He asked their co-operation. His remarks were applauded.

The congregating of idlers around street corners was discussed and the matter was referred to the proper committee.

Magkovich, Mary Solich.

Facts vs "A Little History" (Ancient)

Neither of the loan companies represented by this office are doing business or posing as a friend of the poor man from the standpoint of a few repairs and a little paint, but in answer to the latest garbled write up of Mr. Nettleton a few facts are herewith set forth.

1st—Comparison of plans: Nettleton borrows \$1000 for 11 years at 8% and has a total to repay of \$1,880.00. Livingston borrows \$1,000 for 11 years at 3% and has a total to repay of \$1,158.40. And saves \$721.60.

2nd—The Security National Loan company and the National Mercantile company, Ltd., are authorized by the State of Minnesota to do business.

3rd—The National Mercantile Co., Ltd., is incorporated under the Companies Act of Canada and the business is carried on strictly in compliance with the regulations of that act.

4th—All reports required from time to time have been duly filed with the Government. The management is in the hands of reliable and competent men and its affairs are being conducted in a capable and honest manner.

5th—The company is carrying out all the conditions of its contracts which are regularly matured, no preference being shown to any agent or contract holder.

6th—The company has been doing business for several years, whereas is would not last twenty four hours if Mr. Nettleton would file his complaints with the Postoffice Department, and furnish proof of same.

7th—The First National Bank of Oakland, Cal., speaks in high terms of its manager and expresses regret that it has had none of this business.

8th—The Hennepin County Savings Bank is favorably disposed towards its manager.

9th—Important to remember. Documentary evidence from Government and other sources, substantiating the above is in the office of the Security National Loan company where it may be verified by any one interested in 3% loans.

And now, in a friendly spirit and to relieve the suffering reader who would prefer the war news abroad to that at home, it is in order to suggest to Mr. Nettleton that, for a reasonable compensation, any one of our attorneys can line him up in good shape and for the fight of his life. On the other hand, if the local banks would unite for the common good and furnish funds at 8% to bridge over the short space of time necessary to mature contracts, the Chamber of Commerce would not have to turn in to a revival meeting to raise funds for the Sash & Door Factory. The National Mercantile company courts the fullest investigation from any and all.

Yours truly,
R. R. LIVINGSTON.

Keep Your Liver Active During the Summer Months—Foley Cathartic Tablets for Sluggish Liver and Constipation

It does beat all how quickly Foley Cathartic Tablets given your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says: "Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No gripping. A comfort in stout persons. For sale by H. P. Dunn, druggist.—Advt.

DISPATCH ADS PAY—TRY ONE

BOARD OF EQUALIZATION

Adjourned Meeting of County Board of Equalization, Meeting Held August 4th

Board met at the court house at 10 o'clock a. m. with all members present.

T. R. Foley objected to the mineral assessment placed against the $\frac{1}{2}$ of the $\frac{1}{4}$ section 23, township 47, range 29 and the $\frac{1}{2}$ of the $\frac{1}{4}$ section 26, township 47, range 29. He stated that the only forty which contained any ore was the $\frac{1}{4}$ of the $\frac{1}{4}$ section 23 and on this forty only about 6 acres. The board agreed to let the mineral assessment stand on this one forty and reduce the other three forties to the average of the surrounding land, viz: \$12.00 per acre.

E. J. Hunter the owner of the $\frac{1}{4}$ of $\frac{1}{4}$ section 22, township 47, range 29 objected to the raise made on this forty by the board to \$50,000. He stated that this forty was not leased for iron, that he was getting no royalties and that such an assessment would simply take the land away from him. The board reduced the assessment to \$100,00 an acre. He also objected to the assessment of \$2667 on the Herman Hunter forty, $\frac{1}{4}$ of $\frac{1}{4}$ section 29, township 47, range 29, and this was also reduced to \$100,000 per acre.

C. A. Albright appeared on behalf of the Canadian Cuyuna Mining Co. in regard to the raise made by the board on the Wilcox Mine in section 13, township 45, range 30. He stated that \$200,000 was altogether too high for this property and out of proportion to other mines in the same state of development and equal tonnage. The board decided to submit the figures as they stand to the Minnesota Tax Commission.

Attorney D. B. McAlpine appeared for Michael Flynn and objected to raise made on the $\frac{1}{4}$ of $\frac{1}{4}$ section 28, township 47, range 29 to \$100 per acre. No action was taken.

Attorney M. E. Ryan appearing for the Pittsburgh Steel Ore company said that \$3,000,000 was altogether too high an assessment for the Row mine. Supt. Barr of the property also submitted blue prints and explained the grade of ore that was being taken out. The board decided that the Tax Commission were much better prepared to fix final valuations on such properties and the figures were referred to them.

Numerous residents of Jenkins appeared to object to the raise made by the board in that town. They stated that the figures as returned by the assessor were very close to actual valuations and their statements were backed up by John Ackerman the assessor. It was finally decided to make the raise on acre property 5% instead of 10% and on platted land 50% instead of 75% not counting improvements in either case.

E. J. W. Donahue appeared for the Cuyuna Duluth Iron company and objected to an assessment of \$50,000 on lot 3, section 30, township 47, range 28 and of \$66,000 against $\frac{1}{2}$ of $\frac{1}{4}$ section 31, township 47, range 28, also \$120,000 on the Cuyuna Duluth mine on the $\frac{1}{4}$ of $\frac{1}{4}$ section 11, township 46, range 29 and \$75,000 on the Cuyuna Mille Lacs mine on $\frac{1}{2}$ of $\frac{1}{4}$ section 3, township 46, range 29. All these figures were passed on to the Tax Commission for final adjustment.

Mr. Donahue also stated that the assessed value of \$35 and \$40 on the platted lots in "Iron Mountain" was too high and the board made a reduction of 25% on all lots in the township.

W. A. Barrows on behalf of the Shenango Furnace company objected to the raise made by the board on the $\frac{1}{2}$ of $\frac{1}{4}$ and the $\frac{1}{2}$ of $\frac{1}{4}$ section 27, township 47, range 29 to \$100 an acre. The board made no change in the figures. He also called attention to the assessment of \$126,333.00 on the $\frac{1}{4}$ of $\frac{1}{4}$ section 2, township 46, range 29 and \$126,000.00 on the $\frac{1}{4}$ of $\frac{1}{4}$ section of the same section. He explained that this land had never been drilled, that

Our Muslin Underwear Sale

This sale has been unusually successful. We have sold qualities which is the best evidence that the values are good. We continue the sale. You should see the values.

Our Table Linen Sale

This will soon be over for the bargains are going rapidly. We are closing out all pattern cloths and napkins at almost one-third reduction. You should hurry if you want a bargain.

"MICHAEL'S"

Our New Serial

Starts Today and Saturday

"Sophia of the Films"

No. 1.

The Most Original Comedy

The first reel of the "Sophie" series will show her as a student in the "movie class" of the Bunkem Dramatic School. She secures her "diploma" and seeks a job as leading lady, and in the process spoils a scene which is being staged.

Sophie overcomes obstacles and finally lands a leading woman. The "villain" promptly falls in love with her, and Sophie's strenuous existence commences. The leading man also falls in love with her and becomes her protector. Between the two of them they make Sophie's existence a blood-curdling nightmare. Victoria Forde will play the part of "Sophie."

NEW SOO DEPOT FOR MANGANESE

Soo Railway Completes Grading for the Depot and Puts in a Side Track

STREET WORK, CEMENT WALKS

Give Employment to Many in Mangane—J. T. Richter Building Large Building

Manganese, Minn., August 7—The Soo railroad has completed the grading for the depot and sidetrack. The depot will be a combination passenger and freight 24 by 60 feet with 300 feet of platform.

The village is pushing the work of grading First Avenue South and intends to build a cement walk along this street from Main street and connecting up with the platform at the depot.

J. T. Richter, of Cloquet, was in town Sunday. Mr. Richter owns a good corner lot on First Avenue South and intends to put up a two-story building 24 by 30 feet with a full basement. The plans are being drawn by the Manganese Lumber & Building company.

Among the many visitors here Sunday were C. I. Johnson, T. E. Dahl-jelm and John Wahl of Duluth.

Mr. and Mrs. R. C. Klinkenberg, of Barrows, were in town this week.

Ed Erickson and J. T. Richter, of Cloquet, were in town.

W. J. Sullivan, agent for the Fitter Brewing Co., was in town on business.

H. A. Brown, an attorney, came from Crosby Monday and attended to legal matters in town.

Paul Leroux, of Brooks, Minn., was in town Monday and Tuesday. He is planning on building on his lot on Main Street.

Richard Bergum, townsite company agent, left for a short visit at Duluth and the Mesaba ranges. Mr. Bergum is very enthusiastic about the future of Manganese and the north range and says he wants to go and tell some of his friends about it.

John Humphrey, the liveryman of Deerwood, was in town Tuesday.

Frank Wren is putting the finishing touches on the cottages being built for the townsite company.

Richard Bergum has nailed up Manganese guide boards along the road between the town and Crosby.

A waterworks system has been installed at the Manganese hotel.

The grading on First Street West has been completed and is now ready for sidewalks.

Jay McGee had a slight accident to his car while making a trip to a drill in section 29.

At the council meeting held on August 4 it was decided to continue with the grading of First Avenue South and to order Tom Watson to place a grade for sidewalks on this street. The council meets every two weeks.
